

We saw a pair of clips for Jordan Vogt-Roberts' eagerly-awaited Kong: Skull Island earlier this week and late yesterday, Legendary Entertainment released three more along with over three minutes of B-Roll footage. In addition to that, we've also received an epic IMAX featurette that gives you a very persuasive pitch on why you should absolutely see this movie on the biggest screen imaginable. Also, in case you missed the previous clips, be sure to head over to either of the following links: [Clip 1](#), [Clip 2](#) Check out the new clips below: [Plus, here's an awesome new IMAX featurette:](#) [And, here's over three minutes of fun B-roll footage:](#) Here's also a couple new stills and some previously seen ones in hi-resolution:

Kong: Skull Island reimagines the origin of the mythic Kong in a compelling, original adventure from director Jordan Vogt-Roberts. In the film, a
