

Yesterday's deleted scene from the upcoming Doctor Strange Blu-ray saw Kaecilius taking out one of his own Zealots, and in this second excised sequence the villain is at it again. Though the scene cuts out before he lands the killing strike, we do see Mads Mikkelsen's divisive bad guy confront a priest in his church and join him in a bit of scripture quoting. Then, to prove that an afterlife is "a contradiction", he prepares to kill the poor old sod. Odds on the next deleted scene also featuring Kaecilius indulging in a spot of murder? Doctor Strange arrives on Digital HD/3D and Disney Movies Anywhere on Feb. 14, and then hits Blu-ray 3D, Blu-ray, Digital SD, DVD, and VOD Feb. 28.
