

Today the storied hammer, Mjolnir, is yours to wield as you become the God of Thunder in the new Thor video game, Thor: God of Thunder. The power to shift the storm is in your hands and it is up to you to decide how to use it and whom to use it against. As you can see in the trailer above, Chris Hemsworth lends his voice to the title role and Tom Hiddleston voices Loki in the upcoming action adventure Thor: God of Thunder. Both actors' likenesses are also be used in the game, which is based on the Marvel franchise. The game also marks Thor's first standalone appearance in a video game! "We are so excited to bring the unique story, adventure and gameplay of Thor: God of Thunder to gamers and fans of Thor everywhere," said TQ Jefferson, Vice President of Games Production, Marvel Entertainment. "With the voices and
