

This summer, The Mummy is back for an all-new adventure that is primed to unlock a whole new world of Gods and Monsters for fans worldwide as Universal attempts to relaunch their classic Monsters universe - which is widely remembered as the first shared cinematic universe in history. Universal has been highly secretive about their upcoming project, having only released a teaser trailer and an awesome behind-the-scenes featurette so far, which shouldn't be all that surprising considering the film is still around four months out. Also, with the impending release of The Fate of the Furious in April, it's probably a safe bet to assume that the studio is holding back the real goods (as in a new theatrical trailer) for when that blockbuster franchise makes its gargantuan return to theaters. In the meantime, Funko has kicked off some of the early promotions with the unveiling of their upcoming line of The Mummy Pop! vinyl figures, which features their first-ever Tom Cruise Pop! The figures haven't been finalized yet,
