

Talking to ShortList recently, the subject of The Dark Knight Rises didn't really come up (although, let's be honest, we all know he wouldn't have betrayed director Christopher Nolan's confidence by divulging any secrets!) although he did share his thoughts on Gary Oldman, an actor who he's also worked on recently in Tinker Tailor Soldier Spy. "Gary Oldman is my absolute complete and utter hero. He's the fucking man. I look at him and I want to be like that for my generation — I want to have that same quality. He's incredible. And there is a definite 'hang on a minute' [moment], but I've got past the star-struck part now." And what of HIS future? With his fame rocketing thanks to roles in the likes of Inception and Warrior, this is a good time for Hardy, something he's very much aware of. "It's almost the beginning and the end of a
