

TV Guide have posted some brief excerpts from their Smallville feature in the latest edition of the magazine, and here is what was said in relation to us seeing Clark Kent finally becoming Superman by donning the iconic suit. Apparently, the actual issue contains more info on Darkseid, Zod and Lex Luthor, so be sure to check it out when it hits stands tomorrow! Tom Welling "This show, to me, has always been about Clark Kent — it hasn't been about Superman. And it was very important at the end that we make sure that we wrap up the Clark Kent story." Kelly Souders "I will just say to keep watching through the whole two hours. There is a very, very special moment that we love, and everyone who is looking for that moment won't be disappointed." Al Gough "The wonderful thing about the show is that the people who work on it are just as
