

Say what you will about Total Film, they do love their CBMs. This is only the latest of many comic movie related "best ofs" they have featured, and as always, is bound to divide opinion. The full top 50 is well researched and thought out, but there are (imo) some bizarre inclusions and exclusions, as well as rankings. But that's the beauty of different opinion! At the very least it will lead to some interesting debate, and the inevitable uninteresting trolling. Anyway, here are their top 5..

5) "The Kiss" From Spider-Man This came close to winning our own "Most Romantic Moment" poll, and is no doubt an iconic scene from Sam Raimi's first Spidey flick. What they say.. Why It's Great: Despite the pouring rain and unconventional positioning, it's a remarkably steamy moment. Andrew Garfield and Emma Stone will have to go some to top it.

4) "Kneel Before Zod" From Superman II Another scene - or
