For the move to have the titular characters name, his actual presence in the film was very minimal. No, "rogue-corrupted-program" Tron does not count. When asked if a sequel to Tron: Legacy would feature more Tron, Boxleitner gave a defined "Yes," and also said that the movie would be a direct continuation. "The last movie didn't end," he said. "It actually started the next movie and then went to black," said Boxleitner. The film earned \$400 million at the global box office on a \$170 million dollar budget*[I know, doesn't include marketing, let's just all be aware of it but not address it] which is impressive but not exactly what the folks at Disney had hoped for as they were expecting numbers similar to Avatar. Still a sequel is "[Is] in the works," says
