

Looks like not too many people are really hyped for The Amazing Spider-Man movie. It seems like Marc Webb's take on the life of Peter Parker is currently being drowned in all the Avengers and Dark Knight Rises fervor. The Avengers trailer shattered records and The Dark Knight Rises will soon release a 6 minute prologue and a second trailer. I know it's early but as Marvel Studios has just shown with The Avengers, it's a good idea to build early buzz before you gear up for the big marketing push. Share your on thoughts in the comments section below. The Amazing Spider-Man is an upcoming American superhero film based on the comic book of the same name that is currently in post-production. It is the fourth Columbia Pictures film based on the Marvel Comics character Spider-Man and the first film in a rebooted Spider-Man film franchise.
