

Prometheus may have already dominated the box office overseas, but it isn't released in North America until this coming Friday. Below are two more TV spots for Ridley Scott's epic return to the sci-fi genre, but be warned as they contain a fair few spoiler-filled moments from the film. Don't forget to check out my 5* review of Prometheus by clicking [HERE](#). In the distant future, two superpowers control Earth and fight each other for all the solar system's natural resources. When one side dispatches a team to a distant planet to terraform it for human colonization, the team discovers an indigenous race of bio-mechanoid killers. Ridley Scott, director of 'Alien' and 'Blade Runner,' returns to the genre he helped define. With PROMETHEUS, he creates a groundbreaking mythology, in which a team of explorers discover a clue to the origins of mankind on Earth, leading them on a thrilling journey to the
