

Well, this is extremely disappointing. The UK (and presumably the rest of Europe) will not be getting Joss Whedon's commentary on the upcoming DVD and Blu-ray release of Marvel's The Avengers/Avengers Assemble. As you can see from the Tweets below, the ever reliable folks over at Empire Magazine confirmed the news earlier today. Disney have told us that Joss Whedon recorded his commentary too late for the UK Avengers DVD/Blu-ray. They chose not to delay release...— Empire Magazine (@empiremagazine) August 29, 2012 Currently there are no plans for a future Avengers DVD/Blu-ray that will include Whedon's commentary. It's Shawarmageddon all over again!— Empire Magazine (@empiremagazine) August 29, 2012 If this is the price that those of us on this side of the pond have to pay for getting the DVD and Blu-ray a measly eight days sooner, I think most fans would agree that a wait of just an extra week or so would
