

Cinema Blend has posted their description of The Dark Knight Rises footage that was shown at today's Warner Bros. presentation at Las Vegas' Cinema Con. One of the many things that people are commenting on is that Bane's voice has drastically improved since the prologue was screened months ago, and despite Nolan claiming he wouldn't alter the voice. Although Cinema Blend thinks the advanced technology is what might have been the reason for the improvement in Bane's voice being more clear. I understood every word that Bane said. Catwoman (Anne Hathaway) dressed as a maid before ripping off the white frills and revealing her black dress. James Gordon (Gary Oldman), as seen in the teaser trailer from last summer, lying in a hospital bed in bad shape. Bruce Wayne (Christian Bale) sitting in his Batcave, which still looks very much like a cave. Bruce Wayne and Lucius Fox together in Wayne Enterprises. A team of police officers.
