

Apparently, earlier today the folks at IMDB unloaded several new stills from Fox's Matthew Vaughn-directed X-Men: First Class prequel. Not too long before they took them down, for unknown reasons, Stark Industries managed to snag over twenty of the stills. And now, while they may be frames from an early cut of the film, you can check them out below.

X-Men: First Class charts the epic beginning of the X-Men saga, and reveals a secret history of famous global events. Before mutants had revealed themselves to the world, and before Charles Xavier and Erik Lensherr took the names Professor X and Magneto, they were two young men discovering their powers for the first time. Not archenemies, they were instead at first the closest of friends, working together with other Mutants (some familiar, some new), to stop Armageddon. In the process, a grave rift between them opened, which began the eternal war between
