

Producer Kevin Feige dubbed the Guardians of the Galaxy movie a "big space epic" that will introduce various Cosmic entities from the Marvel Comics Universe. Drax the Destroyer, Star-Lord, Gamora, and Nova names only a few characters, in addition to the grinner from Marvel's The Avengers mid-credits stinger; Thanos. With no director yet attached, and a script by Nicole Perlman, Marvel/Disney targets Guardians for Aug. 1, 2014.
