

Scheduled to appear at this year's New York Comic Con tomorrow, ABC News got an early chat with 'Loki' actor Tom Hiddleston. Ultimately rehashing on the character's mischief in the Joss Whedon-directed flick, as well barely dodging a question about the speculated secondary villains, the Skrulls, among other things, watch the interview below. UPDATE: In a separate interview with HitFix during a NYCC roundtable chat, Hiddleston discussed more about The Avengers, including words of enthusiasm from Joss Whedon, the dynamic with Chris Hemsworth's 'Thor,' and more. Thanks to Graphic City for the heads up. On advise Joss Whedon offered... "More feral and enjoy yourself," he said. "Loki's definitively more menacing [in 'The Avengers']. In 'Thor,' he was a lost prince and there was a degree of vulnerability and confusion about his identity. In 'The Avengers,' he knows exactly who he is and is fully self-possessed." On how Kenneth Branagh differs from Joss Whedon... "[Thor' director]
