Earlier today on the chat, some stranger popped out of nowhere and posted a link to download what was apparently a leaked Thor script. I valiantly volunteered to download, as everyone feared it might have been a computer virus. To my shock, it really was a script for Thor. I am not sure as to the validity of the script, but it certainly coincides with the spoilers that DCMFreshman posted a while ago as well as the leaked Comic Con footage and official trailer. If it's a fake, it's a pretty damn good fake. The script itself is pretty epic. The writer captured the essence of every character perfectly. The arrogance of Thor, the trickery of Loki, the vanity of Fandral, the lovable and ever so hungry nature of Volstagg, the broodiness of Hogun, the courage of Sif, and the godliness of Odin. The script was definitely written by someone who is
