

Apparently, via Cinema Blend, at this year's CinemaCon in Las Vegas, Paramount Pictures' presentation depicted of 20 minutes of new footage from both of Marvel's much-anticipated Captain America & Thor movies. Notably, in Thor's presentation, it apparently featured actual footage of Jeremy Renner portraying 'Hawkeye' in action. Read a vague description below at your own will. The scene we saw featured Renner as Hawkeye, working with the infamous Agent Coulson, played as he was in the Iron Man movies, by Clark Gregg. The scene features Hawkeye using his famous bow and arrow and he has multiple lines, so while we're talking about something a little more than a momentary cameo, there's no way to know if his involvement will go any further than that one scene. With this, those who've read the script, thinking they know it all, are in for a big surprise. Anyhow, while Renner is clearly set to appear
