

It's been on the cards for a while, but we now know that Cisco will finally become Vibe in next week's episode of The Flash. As you can see below, the hero suits up to take on Gypsy, a metahuman who has been sent to Earth-1 in order to make H.R. Wells answer for his decision to depart Earth-19, something which is actually illegal in their reality. However, that's clearly something the team won't let happen! We already know that romance is on the cards for Cisco and Gypsy, so she'll likely stick around here for a while. Tell us, do you guys think The CW series has done the small screen version of Vibe justice? H.R.'s (Tom Cavanagh) past catches up with him when a bounty hunter with vibe powers named Gypsy (guest star Jessica Camacho) arrives in Central City to bring him back to Earth-19 to stand trial for his crime. It turns out inter-dimensional travel is illegal on their Earth.
