

Thanks to Movie Hotties, we have a video which breaks down the actresses they consider to be 2016's hottest movie stars. It should hardly surprise you to learn that the likes of Jennifer Lawrence, Olivia Munn, Morena Baccarin and even Jessica Alba dominate the list, but which of them comes out on top? That would be Suicide Squad's Margot Robbie. It's been a breakout year for the Australian actress, and after taking on the role of Harley Quinn in that movie, she'll next take the lead in Gotham City Sirens. That movie will see the character apparently working alongside villains Catwoman and Poison Ivy. Of course, let's not forget about the guys! 2016 also saw the likes of Chris Evans, Ben Affleck, Chadwick Boseman, and Will Smith impress, but there's currently not a video putting the spotlight on them. So, for now, check out the rundown below and be sure to let us know your thoughts in the usual place...
