

In Captain America: Super Soldier, players become Captain America as he faces the Red Skull and his Hydra army in an epic third-person action adventure set in the darkest days of World War II. Wielding Captain America's legendary shield, gamers will engage in free-flowing combat and acrobatic platforming to infiltrate a mysterious castle overtaken by Hydra forces, where they'll battle a host of nefarious enemies serving the Red Skull, including the infamous Iron Cross, Baron Strucker and Madame Hydra. Players must defeat the evil scientist Arnim Zola and his wartime experiments, combining powerful melee combos and shield attacks to devastating effect. Captain America: Super Soldier is set to be released on July 19th, coinciding with the film's release on July 22nd, for Xbox 360, PlayStation 3, Wii, and Nintendo DS.
