

Set to be released next April, Injustice: Gods Among Us will pit DC's most iconic heroes and villains against one another in brutal and bloody Mortal Kombat style bouts. The game will also get a \$99.99 Collector's Edition, and while the promotional image from earlier today (more details on that can be found by clicking [HERE](#)) showed Wonder Woman taking on Superman, this one actually features Batman taking a beating from the Amazonian Princess as she wields the Kryptonian rocket that Kal-El came to Earth in. Click on the image below to view the full-size versions.
