

No embed as yet, click on the image below to see it over at MTV.. Pretty cool eh?

Appearances from Harley Quinn and "Mr Hammer" there too. I can't wait for this. The story for Arkham City takes place one year after the events of Arkham Asylum. Quincy Sharp, former warden of Arkham Asylum, has taken credit for stopping the Joker, and used that notoriety to become mayor of Gotham City. As neither Arkham nor Blackgate Prison are in any condition to hold inmates, Sharp buys out a large section of Gotham's slums and arms the perimeter with private military contractors from a group called Tyger in order to create "Arkham City". The prisoners are brought into Arkham City and are given free rein, as long as they do not attempt escape. To oversee the city, Sharp uses psychiatrist Hugo Strange who appears to have his own secret agenda for the city. Batman
