

Go beyond the movie to experience what it's like to BE Spider-Man like never before. Set shortly after the events of Columbia Pictures' new film, The Amazing Spider-Man throws New York City's brand new hero back into free-roaming, web-slinging action, as he protects the Big Apple from a deluge of unimaginable threats. Experience the new Web Rush mechanic as Spidey twists his way through the NYC skyline with unprecedented speed and grace. The game's original story also explores beautiful indoor environments, as you'll encounter everything from skirmishes with everyday street thugs to pulse-pounding confrontations with Spider-Man's most lethal foes. Additionally, here's a higher quality shot of the first screenshot of Black Cat: Developed by Beenox Games, The Amazing Spider-Man is set to hit Xbox 360, PlayStation 3, PC, Wii, Nintendo DS and 3DS on June 26th, ahead of the movie's release of July 3rd.
