

Beenox has been teasing us with new images and character reveals for a while now, but an official website for The Amazing Spider-Man has finally been launched by the developers. As you can see from the selection of screenshots below, there's a surprisingly large amount of content to discover, including concept art and stunning new screenshots of Spidey in action. Click [HERE](#) to explore the site for yourselves and sound off with your thoughts on the new content in the usual place.

Go beyond the movie to experience what it's like to BE Spider-Man like never before. Set shortly after the events of Columbia Pictures' new film, The Amazing Spider-Man throws New York City's brand new hero back into free-roaming, web-slinging action, as he protects the Big Apple from a deluge of unimaginable threats. Experience the new Web Rush mechanic as Spidey twists his way through the NYC skyline with unprecedented speed
