

Nightwing is now the fourth playable character in Batman: Arkham City. He now joins Batman, Catwoman and Robin(Tim Drake). PSTrophies has updated their trophies list for Batman: Arkham City. and has revealed the fourth playable character to be Nightwing. It has been heavily rumored for some time now that there will be four characters playable in the highly anticipated game. Batman and Catwoman will be used in the main story while Nightwing and Robin will be available only when you get the DLC. No image has been revealed outside of a supposed blurry leaked photo that was never confirmed but was taken down on all sites by WB.

Nightwing: Dick Grayson became Nightwing after he was dismissed from the role of Robin at eighteen. Grayson's Flamebird was Bette Kane. He was featured in a Nightwing series from 1996 to 2009; after Wayne's apparent death, Grayson became the new Batman, subsequently retiring his Nightwing mantle
