

Tomb Raider developers Crystal Dynamics have partnered with journalist Geoff Keighley for a new "Final Hours" documentary series which will explore several key aspects of the highly anticipated video game reboot. This first instalment is hosted by the Spike Video Game Awards host Zachary Levi, and features an in-depth interview with the beautiful Camilla Luddington (who provides the voice and movements of Lara Croft in the game). The video also includes some brand new footage. Tomb Raider is currently expected to be released on March 5th, 2013. Tomb Raider explores the intense and gritty origin story of Lara Croft and her ascent from a frightened young woman to a hardened survivor. Armed only with raw instincts and the ability to push beyond the limits of human endurance, Lara must fight to unravel the dark history of a forgotten island to escape its relentless hold.
