

This episode of Ultimate Spider-Man sounds very interesting. It will be a riff on "found footage" movies such as Cloverfield and Chronicle, and the entire episode will appear to be shot on a cell-phone camera. Says Duncan Rouleau of Man of Action.. "There's never been anything in animation quite like this episode — narratively or visually." Joe Quesada adds.. "Not only will you get a first-hand look at what it feels like to swing across the city with Spidey, you'll get close enough to the Hulk to have him fog up your lens and smell his breath." Ultimate Spider-Man airs Sundays at 11am/10c on Disney XD's Marvel Universe programming block.
