

A short clip of Jason Momoa practicing a sword battle has surfaced online. Filmed at 87Eleven Action Design's studio, it seems Aquaman will be taking on two other sword-wielding adversaries in James Wan's film. Does the King of Atlantis lose his trident in Zack Snyder's Justice League, or is this a flashback scene in Wan's standalone pic to a time before Aquaman acquired the mighty Atlantean weapon? Jason Momoa working on his Sword skills for Aquaman at 87Eleven before heading out for Australia to shoot. Modern Day Savage. #87Eleven #Hyperfly #Aquaman #YCTH #DCUniverse #JasonMomoa #JiuJitsuKnows #Stuntmen #SwordFighting A post shared by Hyperfly (@doordie) on Feb 14, 2017 at 3:04pm PST
