The Cape, set in the fictional metropolis of Palm City, follows an innocent cop who has been framed for a crime he did not commit and then left for dead after he is caught. He is eventually saved by a circus ringleader who prepares him with special abilities to defend himself against his foes. Separated from his wife and son, he tries to clear his name while protecting them from being killed in the event that he should be reported alive. He takes the law into his own hands by taking the guise of his son's favorite comic book hero, The Cape, after he is given a special suit that has unique capabilities. Vowing to get rid of the corruption that has taken over both the city and the police force, he goes after the person responsible for setting him up and causing his "demise". Starring: David Lyons as Vince Faraday (The
