

UPDATES FROM THE LOS ANGELES SET SHH's RED SKULL - stuff like papers and debris blew through the air and they had a fan on but I did not see snow...and seeing as how they got GPD in the shot, then I don't think so. Basically the shot was Modine (we think it was him) and JGL sitting in a squad car looking up at the Batwing as it goes by as the cops train their guns on it. Gordon levitt and a blonde haired man in a brown overcoat are in a cop car as the swat have guns poised on the batwing as it flies over. They're swinging the batwing out on cables. About to do shots of it. The batpod sputters to a halt and he gets off and they follow. No snow in this scene. SHH's JL UNLIMITED Went to watch filming today. There were a bunch of Gotham police.
