

"I don't care what color you are, where you come from, what god you worship, who you date, or what your DNA looks like under a scanner."--Jim Rhodes --> Comic Book History Who is WAR MACHINE? WAR MACHINE is James Rhodes a Marvel superhero appearing mostly in Iron Man related comic books. James Rhodes first appeared in Iron Man #118 (January 1979) by David Michelinie, John Byrne and Bob Layton. First Appearance James Rhodes was a lieutenant colonel in the United States Air Force who served tours of duty in Southeast Asia. A combat pilot, he was stranded in the jungle behind enemy lines after his helicopter was shot down. He encounters Iron Man while he was escaping from his captors in his first prototype suit of powered armor. Tony Stark would offer Jim Rhodes to work for him, which would later turn into a strong friendship. Rhodes would become Stark's confidante knowing
