

Warehouse 13: Of Monsters and Men is a 10-part web series that has Pete, Claudia and Artie dealing with a unique set of artifacts -- namely a very special collection of comic books and an accompanying spinning rack -- that are inadvertently activated. The results? The trio, as webisode one demonstrates, abruptly find themselves trapped within the pages of one of the comics. Subsequent weekly webisodes will see them as animated versions of themselves. Follow the link to check out the first webisode.
