

We're not labeling this as an "exclusive", not making any kind of big deal or fanfare about it because let's face it, we didn't break any news here. But, what we did do is get hold of a very vague clue about one of the movies Marvel is planning for 2015 and we thought we'd share it with you guys. I've been hounding sources about some more info about this Black Panther movie that Marvel supposedly have in the works for 2014, and while the best I could get on that was a "Maybe, but nothing specific I can tell you about", I was able to squeeze out one interesting bit of info about one of the movies on the slate for 2015. Said slate - or at least part of it - looks like this.. Q4fy15 - Origin Movie So, one of the movies set for 2015 will be an origin
