

Variety reports Kazinsky has joined the cast of Guillermo del Toro's Pacific Rim as a member of the team fighting alien invaders. Moreover, Willem Dafoe is in early talks to play a "rogue scientist with expertise on alien creatures." Sounds like perfect casting. Charlie Hunnam, Idris Elba, Charlie Day, and Max Martini also star. Willem Dafoe as a rogue scientist? Oh I like the sound of that. He might be one of the few actors that can ham up a role and keep it tasteful, like his performances in Spider-man and The Boondock Saints. He always channels a performance that is pleasantly unexpected. While Rob is someone I'm not too familiar with, oh to hell with it, I have no clue who he is. As for my research, it shows Mr. Kazinsky is a British Soap star on the show, Eastenders. I would assume that he must have some
