

Fox Searchlight has debuted another trailer for the upcoming big-screen take on Daniel Clowes' (Ghost World, Ice Haven, Mister Wonderful) Wilson. Before he heads off to the galaxy far, far away, Woody Harrelson will star as the titular character of the acclaimed graphic novel, who makes one last-ditch effort to reconnect with his drug-addled ex-wife (Laura Dern) when he realizes they have a daughter together. The movie also stars Judy Greer (Jurassic World, Ant-Man, Tomorrowland) and Cheryl Hines (Curb Your Enthusiasm). Check out hilarious trailer below, and let us know what you think. Wilson is directed by Craig Johnson (The Skeleton Twins), and is set to hit theaters in March.
