

Three new TV spots for Logan have shown up today, and while the second and third are mostly comprised of familiar footage, the first shows X-23 performing some killer moves alongside Wolverine. The others are still worth a watch, though, especially as the title cards indicate that Laura is pivotal to saving the mutant race. Why that is remains to be seen, but that could point to an optimistic ending. [6 Wild LOGAN Story Predictions You Can Take To The Bank](#) There are just weeks to go until Logan is released and the review embargo lifts fairly soon, so expect to hear much more about the movie soon. With any luck, the TV spots won't get too spoiler-y from here. Logan stars Hugh Jackman, Dafne Keen, Boyd Holbrook, Richard E. Grant, Stephen Merchant, and Patrick Stewart. It's currently set to be released on March 3rd, 2017, so stick to CBM for updates.
