

Talking to The Wrap, Zachary Quinto has discussed the upcoming sequel to J.J. Abrams' 2009 smash hit. While he doesn't go into detail about the plot (that shouldn't really be too much of a surprise considering just how much secrecy the film has been shrouded in up until this point) the actor does comment on how he feels to have worked on the follow-up and the pressures of living up to the high standards set by the first instalment. Star Trek 2 is set to be released on May 17th, 2013, although we still haven't seen a trailer or official still just yet. "It was bigger. It was bolder, I think, than the first one, and that was pretty big and bold from my stand point. I'm really excited to see what they do with it. I feel like, you know, my work is done on the movie right now and
